Ian Bonthron - Princetown Church, NY

When Ian Bonthron stepped into his first senior pastor role, he was looking for a community where he could connect and grow in ministry—and that's exactly what he found in one of our Local Centers. As Ian continued building relationships with other pastors, his heart for ministry leaders in his community deepened, eventually leading him to serve as a Local Center leader himself.

"I've sat through other pastor groups where we share our burdens and pray for each other—and that's great—but I wanted more," Ian shares. "LCN Local Centers do those things, but also provide tools and encouragement to grow in making disciples. That's why I love our Local Center."

church planting

Let's plant 5,000 more churches together

We invite you to be part of a transformative mission—planting 5,000 churches over the next decade. This bold vision depends on the faithful partnership of thousands of churches and generous donors across the nation —people like you.

Liberty Baptist Fellowship

Liberty Church Network members, we invite you to join us in praying for our **Liberty Baptist Fellowship Chaplains**—called to bear the presence and the message of Jesus Christ around the globe. As they step into hospitals, military bases, crisis moments, and everyday conversations, pray for protection, wisdom, and strength. May God continue to open doors for the Gospel through their faithful service and sustain them as they bring hope, comfort, and truth wherever they are sent.
