Pastor Greg - Indianapolis, Indiana

In the spring of 2025, Pastor Greg was diagnosed with Stage 4 lymphoma affecting his liver. With a limited chance of survival given by doctors, the LCN Local Center in Indianapolis—along with pastors, churches, and friends across the LCN family—entered into a season of intentional prayer. After extensive treatment, Pastor Greg is now in remission and continues to trust God for complete healing.

With more than 40 years of ministry experience, Pastor Greg has faithfully walked alongside others through difficult seasons. Experiencing that same care, prayer, and support from fellow pastors during his own illness gave him a deeper appreciation for the strength of intentional relationships within LCN. His story reflects the heart of Liberty Church Network—pastors caring for pastors and walking together through every season.

church planting

Let's plant 5,000 more churches together

We invite you to be part of a transformative mission—planting 5,000 churches over the next decade. This bold vision depends on the faithful partnership of thousands of churches and generous donors across the nation—people like you.

Liberty Baptist Fellowship

Liberty Church Network members, we invite you to join us in praying for our **Liberty Baptist Fellowship Chaplains**—called to bear the presence and the message of Jesus Christ around the globe. As they step into hospitals, military bases, crisis moments, and everyday conversations, pray for protection, wisdom, and strength. May God continue to open doors for the Gospel through their faithful service and sustain them as they bring hope, comfort, and truth wherever they are sent.
