

Church Planting: Mobilizing 1,000 Churches to Plant 5,000 More

In 2026, Liberty Church Network relaunched its church planting initiative with a renewed vision to help plant 5,000 new disciple-making churches. Through decades of experience and partnerships with churches, denominations, and networks, LCN has developed one of the nation's most comprehensive church planting initiatives. Now, we're inviting our partner churches and friends of Liberty University to help send the next generation of church planters.

Our goal this year is to raise \$700,000 to help launch 30 new church plants. We are asking 100 LCN partner churches, along with our Liberty University family of pastors, alumni, and friends, to join us by praying, giving, and walking alongside these new church planters. Thanks to several generous donors, every gift will be matched dollar for dollar, up to \$350,000, doubling the impact of every contribution until the full match has been met.

Together, we can plant new churches and reach more communities with the Gospel of Jesus Christ.

Membership: Join the Movement

Every church can play a role in planting the next generation of churches. By becoming a member of Liberty Church Network, your church helps equip and launch new disciple-making churches while joining a growing community committed to advancing the Gospel across America. Together, we're Mobilizing 1,000 Churches to Plant 5,000 More.

Membership also provides meaningful benefits for your church, including exclusive Liberty University scholarship opportunities for pastors, staff, and church members, along with coaching, networking, ministry resources, and leadership development designed to help your ministry thrive.

To make it easier for every church to participate, we've reduced our membership investment to just \$100 per month. We believe every church should have the opportunity to strengthen its own ministry while helping launch new churches that will impact communities for generations to come. We'd love for you to join us.
